

Flanged Expansion Joint

Product Description

Flanged Expansion Joints allow and absorb axial movement while maintaining the pipe integrity. These prevent damage from results of line movement. Suitable for LTHW, MTHW, HTHW, CHW and Steam.

Design Features

- Zinc Plated Swivel Flanges with Isolator
- 316 Stainless Steel membrane
- Suitable for temperatures up to 100°C
- Pressure rated to 10bar working 15bar Test
- Flanges are designed to BS EN 1092-1

Part Number	Pipe Size	Connection	Length (mm)	Axial Compression (mm)
NS-FEJ-065	65NB / 76.1OD	PN16	225	-50MM
NS-FEJ-080	80NB / 88.9 OD	PN16	225	-50MM
NS-FEJ-100	100NB / 114.3 OD	PN16	225	-50MM
NS-FEJ-125	125NB / 139.7 OD	PN16	277	-50MM
NS-FEJ-150	150NB / 168.3OD	PN16	277	-50MM
NS-FEJ-200	200NB / 219.1 OD	PN16	306	-50MM
NS-FEJ-250	250NB / 273 OD	PN16	306	-50MM
NS-FEJ-300	300NB / 323.9 OD	PN16	306	-50MM
